## **Safe Place Scholarship Program**

Family Connections is proud to announce the Safe Place Scholarship Program for our families not currently eligible for the Best Beginnings Scholarship Program.

A Safe Place Scholarship is a one-time 6 month payment of (\$500 for the first month, \$425 the second month, \$350 the third month, \$275 the fourth, \$200 the fifth, and \$125 the sixth and final month) unless your activities are part-time the amounts listed are cut in half each month. This scholarship will be paid to your licensed child care provider. Even if you do not need the entire 6 months you can still qualify for the time you need.

The Family Connections case manager will introduce a budget guide and help connect you with available community resources.

Our hope at Family Connections is that with this one time scholarship, budgeting information, and use of any employer benefits, you will be able to remain independent from assistance.

Please fill out a Safe Place Scholarship Application today.

Families will be contacted when they get approved for a Safe Place Scholarship.
